

## Quality Services

### Maximize Uptime

*Protect yourself from failures.*

*Implement rolling upgrades.*

Ursetto Consulting, Inc. can configure, document and maintain MC/ServiceGuard clusters. I specialize in custom cluster scripting and unusual clustering situations.

### Balance Security & Convenience

*Remotely administer multiple systems.*

*Without sacrifice.*

Ursetto Consulting, Inc. possesses the expertise to implement an efficient remote administration environment.

### Tame Large Environments

*Proper management tools are critical.*

*Especially for distributed systems.*

Ursetto Consulting, Inc. is experienced in configuring tools such as NFS and NIS, allowing you to centralize your file systems and directories.

### Increase Productivity

*Automate manual tasks.*

*Simplify your routine.*

Ursetto Consulting, Inc. can save you time and streamline your processes by automating time-consuming tasks through scripting or graphical front-ends. I can automate a limitless variety of tasks for your business.

## Powerful Results

### Eliminate Upgrades

*Lessen costly upgrades.*

*Optimize existing code.*

Ursetto Consulting, Inc. has proven experience optimizing existing code. With my knowledge of Perl, C and assembly, complex projects are no problem.

### Integrate Open Source

*Enhance security.*

*Save money.*

Ursetto Consulting, Inc. has experience in Linux and other open source options. I will integrate the solution best suited to your environment.

### Speak the Same Language

*Increase users' ease.*

*Move into different language markets.*

Ursetto Consulting, Inc. will internationalize or localize your UNIX workstations and servers, configuring them for the language(s) of your choice.

### Document & Research

*Know your systems.*

*Know your options.*

Ursetto Consulting, Inc. will document existing technology processes, codify new ones and provide whitepapers on topics uniquely tailored to your environment. I can also research the computer topic of your choice and produce a summary or detailed write-up.

## The Consulting Advantage

### Someone You Know

When you work with Ursetto Consulting, Inc., you work with me personally—always. Large companies simply throw someone into the situation. I take you from start to finish.

### Cost-Effective

The help you need, *only* when you need it. No salary, no benefits, no vacation and no sick pay.

### Time Sensitive Projects

You have a project that needs implementation STAT! Your employees are busy with previous or routine projects. All my focus is on your specific project.

### Options

With me, you get options. How you want things done, when you want them.

### Small Companies

Need to enhance security or set up a server? Don't have the finances to hire a large firm? Ursetto Consulting, Inc. helps you stay competitive and under budget.
